

INVITATION TO TENDER

Analytical and micro-biological equipment for isotope laboratory

Date: 19 June, 2017

Contract no.: 2017-11

- 1 The Science and Technology Centre in Ukraine (STCU) is an intergovernmental non-profit organization established to support research and development activities for peaceful applications by scientists and engineers, formerly involved with the development of weapons of mass destruction. The STCU's activity is governed by the intergovernmental Agreement on the establishment of the Ukrainian Science and Technology Centre that was initially signed by Canada, Sweden, Ukraine and the United States of America. Subsequently, the European Union replaced Sweden, and Azerbaijan, Georgia and Moldova joined the countries who had signed the Agreement. In addition to funding research projects, the STCU is active in other fields including the searching of scientific partners, conducting the on-site presentations, scientific workshops, implementation of partnership projects, providing grants for overseas travel and supporting the patenting.
- 2 The STCU has a sister organisation titled International Science and Technology Centre and based at Astana (Kazakhstan).
- 3 The STCU intends, for purposes of the Project no.P703, which is being implemented jointly with National Science Center "Kharkiv Institute of Physics and Technology" Kharkiv, Ukraine, to procure
