

**INVITATION FOR TENDERS**  
**IFT 2024-04**

24 January 2024

- 1 The Science and Technology Centre in Ukraine (STCU) is an international organization involved in the non-proliferation of weapons of mass destruction. The STCU's activity is governed by the intergovernmental agreement to establish the Science and Technology Centre in Ukraine that had been signed by Canada, Sweden, Ukraine and the United States of America. Subsequently, the European Union replaced Sweden, and Azerbaijan, Georgia, Uzbekistan and Moldova joined the countries who had signed the Agreement. STCU's mission is to support research and development activities for peaceful applications by scientists and engineers formerly involved with the development of weapons of mass destruction, to advance global peace and prosperity through chemical, biological, radiological, and nuclear risk mitigation by supporting civilian science and technology partnerships and collaboration that address global security threats and advance non-proliferation.
- 2 The U.S. Department of State's Office of WMD Terrorism (WMDT) and the Science and Technology Center in Ukraine have worked together for many years on various projects to strengthen the security of radiological materials in Eastern Europe. Project P788, which is funded by the U.S. Department of State's Office of WMDT provides technical assistance to the Institute for Nuclear Research in Kyiv (INR), including purchasing equipment and materials, needed for improving radiation safety and protection of personnel under conditions of emergencies.
- 3 STCU (hereinafter referred to as the Employer), for purposes of Project P788, hereby invites you as a potential supplier to submit your tender for an **individual thermoluminescent dosimetry system for measuring individual radiation doses (reading unit and thermoluminescent dosimeters)**, described in the tender documents.
- 4 This tender is open to all firms and individuals. However, firms and individuals of a country may be ineligible if by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the government of Ukraine and the government of the countries in which STCU is performing this project prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
- 5 Your tender shall be valid for 90 calendar days and shall be submitted to:  
Science and Technology Center in Ukraine  
7a Metalistiv Street  
Kyiv, 03057, Ukraine  
or  
[tenders@stcu.int](mailto:tenders@stcu.int)

before 16:00 (Kyiv time), 28 of February, 2024 after which it will be examined and evaluated.

- 6 Before preparing the proposal, we kindly ask you to carefully read the tender documentation.
- 7 Companies interested in tendering for individual thermoluminescent dosimetry system are kindly asked to obtain for the full tender documents from:

Oksana Mashchenko  
Procurement Officer  
STCU  
7a Metalistiv Street, Kyiv, 03057, Ukraine
